A) Eligibility and Membership

- A1)** All Competing Schools must be current members of the NSEA.
- A2)** Membership runs from September 1st to August 31st inclusive each year, and must be renewed before competing at NSEA competitions held after August 31st.
- A3)** To be eligible to compete at NSEA competitions, riders must be in full time education at the school they represent (see Competition Rules D2 for more information).
A member school must have registered the rider's name with the NSEA, as part of their riding squad. New riders coming into the school must be added to the affiliated list before they compete. Once a rider has been named as a member of the riding squad and a membership number has been given, they cannot be swapped for another, within the current membership year.
- A4)** Riders who are Home Schooled may compete as individuals and the Home School is registered in the usual way; a Home Schooled group may compete as a team provided this is agreed with the NSEA Membership Office
- A5)** Each School must obtain the consent of the Head Teacher in order to compete on behalf of their school; this consent should take the form of a signature on the Membership Application form.

B) Team Managers

- B1)** Each School must nominate a Team Manager. More than one may be nominated if necessary and can be a parent. If the Team Manager changes, please inform the NSEA promptly.

- B2)** The Team Manager will be expected to know these general rules, and the rules of the competition at which their School is competing. We understand that many Schools' Team Managers are volunteer parents rather than professionals, so please note that, although these vary between competitions, the rules are kept as clear, easy to understand and concise as possible. It is the parent's responsibility to ensure that the team manager enters their son/daughter in competitions at an appropriate level commensurate with the child's ability and experience.
- B3)** ONLY the Team Manager is to deal with the Secretary and/or officials of an event. Changes to team members / individuals must be made before the day of the competition and preferably before start times have been published. Changes on the day may only be made if there is an injury or incident which prevents a horse or rider from competing and will be at the discretion of the Competition Secretary. The NSEA will generally handle communications through the Team Manager.
- B4)** In the event of an objection, the Team Manager must lodge a written objection with the Secretary within five minutes of the end of the class. This must be accompanied by a £20 deposit, which may be forfeited in the event of an unsuccessful appeal.
- B5)** The Team Manager is responsible for the conduct of all riders, parents and persons associated with their School, which includes the use of social media (See C4).

C) Codes of Conduct

C1) Team Managers

The Team Manager is the school representative on the day. They need to ensure that riders and parents from their school display good sportsmanship, horsemanship and equine welfare at all times.

C2) Competitor's Code of Conduct

- Competitors need to be aware of and abide by the rules of competition.
- Competitors need to be correctly turned out, according to the rules.
- Competitors must be aware that they are representing their school at all times and they need to be polite and considerate to all officials and fellow competitors.
- The welfare of their horse/ pony is of paramount importance.
- Competitors are encouraged to thank the show organisers of the competition, before they leave.

C3) Parent's Code of Conduct

- Parents need to be aware of the NSEA competition rules and abide by them.
- There should be no outside assistance, except in Grass Roots classes (40 & 50cm) and in Dressage. See specific Grass Roots and Dressage Rules for guidance.
- The Team Manager acts for the school. Parents must defer to the Team Manager at all times, including when making enquiries.
- Parents should be reminded that whilst NSEA events are competitive, it is the rider and not the parent who is competing.
- Sportsmanship and respect for officials, Team Managers, other competitors and fellow Parents is of utmost importance.
- The welfare of the horse/pony and child is of paramount importance.
- All siblings need to be under the guidance of their parents at all times and may not ride if they are not competing.

C4) Social Media

Whilst the NSEA recognises the need for communication through social media it must not be used as a medium to undermine the NSEA's reputation in any way nor to compromise the NSEA's confidentiality and child safeguarding policies.

D) Horses and Riders

D1) The 30cm Rule (General)

Any combination of horse and rider cannot compete in a jumping class at an NSEA competition, except hors concors, where the height is 30cm lower than that at which they have previously competed, (1st round height) in **any** competition (not just NSEA competitions). This restriction does not apply to Open or Advanced Open classes. Therefore, Horse/Rider combinations jumping 1.30m or over may compete in NSEA Open or Advanced Open classes. If competing in a County Challenge Competition, please also see rule CchJQ1

D2) **Changing Schools**

The definition of the word "Championship" as used in sub paragraphs a), b), c) & d) below includes Grass Roots Regional Finals, County Challenge Championships (April) and the National Championships (October).

a) A rider who changes schools in 2016/17 can only then compete for their new school, unless they qualified with their previous school, for the 2017 Championships, prior to moving schools, in which case, they can represent their previous school, but only at the Championships, with the Head Teacher of the previous School's permission.

b) If a rider qualifies for one school, then changes school, they may ride at the Championships for the original school (see "a" above). However, if they also qualify, in the same class, for their new school, they may compete for either school but not for both in the same class.

c) If a rider has changed schools since originally qualifying, they may compete for their old school at the Championships (see "a" above) and also qualify for other classes for their new school. However, a rider may only compete for one school per class at the Championships. Riders may, therefore, represent more than one School at the Championships if the qualifications are in different classes, and the necessary permission is obtained from each School.

d) Once a rider leaves a school, they may no longer compete for that school (except at the Championships and providing they have qualified to do so, as detailed above). They may not, therefore, be used as a team “Wild Card” substitute for the Championships without prior qualification, as detailed above. A rider may not compete for their new school until they are enrolled at that school, and the School Year has started.

D3) School logos may be placed (in moderation) up to the maximum dimensions as follows:-

Saddlecloths – 200 sq cm

Hat covers – 3cm x 3cm

Jackets – 3cm x 3cm on the breast pocket

XC tops – 200sq cm (or 100 sq cm per arm)

Breeches (left leg only) – 20cm long, 4 cm wide

Sponsors logos may only appear once on either the horse or rider but not both and must be smaller than the school logo dimensions above.

D4) Horses must be entered in NSEA classes under their BD/ BE/ BS registered name. In most cases this will be the name shown in their Equine Passport and not their stable name.

D5) Stallions may only compete in NSEA competitions with prior written permission of the competition organiser and should be identified on the competition entry form. This must be sought in advance of the entry closure date. The stallion must then wear a stallion disc. Please also be mindful that not all competitors will realize that the horse is a stallion.

D6) All competitors and horses should look clean, neat and tidy. Long hair should be put in a hairnet for Dressage, One Day Events, Arena Eventing and Show Jumping. Hair should not be worn below collar length in any NSEA competitions.

D7) Hat Rules

For Dressage & Show Jumping:

British- All PAS 015, VG1 - Provided they are BSI Kite Marked

European -VG1 - Provided they are BSI Kite Marked

American – All SEI ASTM F1163 04a onwards and SNELL E2001

Australian & New Zealand – AS/NZS 3838 2003 onwards

For Cross Country, Arena Eventing, JwS, Eventers Challenge:

Only a “Jockey’s Skull” may be worn, this must have no peak, peak type extensions or noticeable protuberances above the eyes. A removable hat cover with a light flexible peak may be used if required. Cameras may not be worn on any hat while riding.

All Competitors are strongly advised to check their hats regularly, or take them to a reputable hat supplier to be checked. We recommend that hats are replaced following a fall and checked after any impact.

D8) Tack should fit correctly and all safety equipment should be of working standard and worn at all necessary times.

D9) The NSEA recommends that any competitor who falls off during any sort of warm up should always find a Medic and be checked over before they compete. Any official attending will be able to advise of the location of the Medical Team.

D10) Boys and girls will compete in the same classes.

D11) All competitors attending prize givings must be correctly dressed. An Organiser reserves the right to withhold rosettes and prizes if they see fit.

- D12)** Horses may only be ridden by NSEA competitors at an NSEA competition. A horse is not to be ridden or warmed up by anyone other than the rider who is competing that horse at that competition. Horses may only be lunged in designated lunging areas, by prior permission of the show organiser.

E) Teams/Individuals

- E1)** Teams to consist of at least three, and at most four, riders, unless the rules that are specific to a particular competition state otherwise.
- E2)** At competitions where both teams & individuals are taking part, the scores of all team competitors obtained whilst riding as a team member, will automatically also count as their individual score when determining the individual placings. This also applies to team riders competing at the NSEA Championships, who have also qualified to compete as individuals. Please note that all horse/rider combinations must have pre-qualified to compete as individuals at the Championships.
- E3)** The best three scores count in a team competition. A team which does not register at least three valid scores will be eliminated. Any individual scores registered as part of an eliminated team will still be counted in individual competitions, where applicable.
- E4)** All riders must be from the same Member School, and be registered with the NSEA in the riding squad of that School. (see Competition Rules D2 for more information)
- E5)** Riders may only compete once in a team, so may not ride two horses in the same team, except in Grass Roots competitions – see specific Grass Roots rules.
- E6)** At local level (GR & RPL) jumping, an individual may ride 3 different horses in any one class, and those horses may be ridden in up to 3 classes. Therefore, a horse/rider combination may compete in 3 teams at different heights – see specific Grass Roots and RPL rules.
- E7)** In County qualifying Competitions (Cchq), an individual may ride a maximum of three different horses in any one class and a horse/rider combination may compete in 2 teams at the same competition, providing that they are at 2 different adjacent heights. (ie 70cm & 80cm, 80cm & 90cm, 90cm & 1m but not 70cm & 90cm or 80 & 1m see rule CCJ1)
No rider may compete in 70cm & 1m classes.

F) Powers of Judges/Show Organisers

- F1)** The Judges and Show Organisers have the right to stop any competitor during their round and/or subsequently eliminate them if they deem the following:
- That a rider, horse or combination is unsafe or poses an unacceptable risk to themselves, their horse or others.
 - That a rider is unfit to compete.
 - That a horse is unsound or distressed
 - That a rider or person associated with the rider, has used any unacceptable force on a horse, anywhere at an event.
 - That a person has, in the opinion of the Organiser or Judges, forced a child to compete against their express wishes – this is not to discourage encouraging the child to challenge their abilities.
 - Any rider who has benefited unfairly from outside assistance. This is not to discourage support and encouragement.
 - Any rider, or Team Manager, supporter or other associated person who is abusive, uncooperative, or rude to any Official.

F2) The Judges and Show Organisers' have the right to require any competitor to satisfactorily complete the following before they are permitted to compete:

- An examination of the rider by a member of medical staff.
- An examination of the horse by a vet.
- An examination by an official of any item of equipment or tack.
- An examination of evidence of their Membership of their School's Riding Squad.

F3) In the event of a dispute, the NSEA will act as the final arbiter.

F4) The NSEA Knockdown/Late Drop Rule

The 'knockdown rule' is to be applied in all NSEA Jumping competitions. It is to be used over the British Eventing and British Show Jumping rules covering knockdowns and 'late drops'. The rule is designed to bring clarity and uniformity to NSEA jumping competitions.

A 'knockdown' is interpreted as the lowering of the height of a fence caused by the competitor. The lowering of the fence must have occurred before the competitor crosses the finish line.

The pole does not need to actually strike the ground, merely come to a position lower than its starting place.

Knocking down lower poles or planks will not count as a penalty- only the upper pole.

The below examples are hoped to provide some 'practical application' of the rule - all are taken from real scenarios.

Example 1 - the pole falls onto a filler, not the floor.

4 faults as the fence's height was lowered by the competitor.

Example 2 - the pole does not leave the cup, but the retractable wing/stand's height is reduced by an impact.

4 faults as the fence's height was lowered by the competitor.

Example 3 - planks begin swinging in the cup due to an impact from a competitor, but actually leave the cup and fall AFTER the competitor has crossed the finish line.

No faults. The alteration in the height of the fence occurred after the competitor had crossed the line, even if the cause of that alteration occurred prior to the finish.

F5) Balloting If entries at Qualifiers are over-subscribed, balloting out will take place in the following order:

- 1) Entries that are received after the 'entries closure' date and any entry without the current NSEA Membership number correctly quoted.
- 2) Third teams per school per class, and those from the same school who are entered only as individuals in that class.
- 3) Second teams per school per class.
- 4) First teams per school per class, and remaining individuals who are not part of a team.

In the event that any one of the above exclusions reduces eligible entries to the class to below the number of maximum entries allowed, the Show Organiser will draw names out of a hat from those who were previously ineligible, to fill the class.

G) Specific Competitions

1) Grass Roots Competitions

The purpose of the Grass Roots program is to provide very novice riders with the opportunity to experience the excitement of competition. The rules are, therefore, kept as flexible as possible but, please embrace the “spirit” of the rules. Don’t use Grass Roots competitions as an easy opportunity to “pot hunt”.

GR1) Riders are U19 on 1st Jan 2017. There is no further age / height restriction on classes.

GR2) Novice riders may be assisted and/or led at 40cm and assisted (not led) at 50cm with the Team Manager’s permission. People entering the ring to assist do so at their own risk. 60cm and above are not allowed to have any assistance whilst in the arena.

40cm classes are judged on style only over a simple course of fences.

50cm classes and above will be single phase competitions. However, in addition to this there will be an award for the best rider.

GR3) Up to 3 refusals are allowed in these classes.

GR4) Apart from at the Championships (see rule GR11 below), no rider may compete at Grass Roots Competitions, except hors concours, if they have completed an 80cm course or higher at any competition (not just NSEA competitions), or have competed in any jumping classes at the NSEA October National Championships or at 80cm or above at the National County Championships. However, riders who are eliminated, whilst attempting an 80cm competition course, are still eligible for Grass Roots.

GR5) If a rider/horse combination, whether competing as an individual or as a team member, jumps in the 70cm or 75cm class they may not also compete in the 40cm class.

GR6) A rider may ride two ponies/horses in the same team, at a Grass Roots competition, providing the school has only one team in the class.

GR7) Two riders may ride the same pony/horse in the same team, at a Grass Roots competition, providing the school has only one team in the class.

GR8) At local level, a horse/rider combination may compete in 3 teams at different heights (but not 40cm if they jump at 70cm or 75cm).

GR9) The 30cm Rule does apply at all Grass Roots competitions.

GR10) A pony may jump a maximum of 3 rounds in a day at any Grass Roots qualifier or Regional Championships.

GR11) Grass Roots Regional Championships.

Team Qualifications

Two horse/rider combinations from the original qualifying team, **MUST** be included and declared at the Regional Championships. Any wild card riders who are substituted into a team must have completed a competition at the relevant height but must not have breached the rule shown below.

Individual Qualifications

Individual Qualifications for the Grass Roots Regional Championships apply to the horse/rider combination. Therefore, you may not substitute either the horse **OR** the rider to compete at the Championships **Horse/rider combinations** who have qualified to compete at the Grass Roots Regional Championships but, have since jumped 80cm, are still eligible to compete at the Championships, but only in the 60cm, 70cm & 75cm classes. They may, therefore, use their previously gained 40cm or 50cm qualification to compete in one of the 60cm, 70cm & 75cm classes only.

Once a **rider** has competed at 80cm they are no longer eligible to compete in further Grass Roots competitions (see rule GR4 above), except at the Championships for which they have qualified, as stated above. If a **rider** competes at 90cm or above they will forfeit any previously held Grass Root qualifications and are ineligible for Grass Roots Regional Championships.

All of the above applies providing the 30 cm rule isn’t breached.

Glossary of Terms

Single Phase Show Jumping Competitions

The course is in two parts. Having jumped the first part of the course, all competitors will immediately continue, even if they have faults (unless they have been eliminated), to jump the second part of the course, which is against the clock. The winner is the rider with the fewest (or zero) faults, accumulated over both sections, with the fastest time over the second part of the course.

Please note that in Grass Roots, County Challenge Qualifiers and Regional Points League Competitions, 3 refusals are allowed before elimination.

However, in National Championship Qualifiers for the National Championships held at Addington, only 2 refusals are allowed before elimination. See "NSEA Additional Rules".

Eventers Challenge

Show jumping & simulated XC fences with an optimum time & no style marks. Jumping penalties have priority over time faults – so ideally, you need to go clear to win! The courses can be more twisty – with 'inside' & 'outside' lines on turns to make riders think (and not go too fast) The time should be a fair pace (but not a flat out gallop) The optimum time is 325-375 m/m but this can vary depending on the shape of the arena.

Arena Eventing (Jumping with Style)

Arena Eventing ('Jumping with Style') is the culmination of four marks- SJ penalties, XC penalties, time penalties and a style penalty mark. The winner is the rider with the fewest penalties overall, so like eventing, you do not necessarily need to jump a clear round.
